# ARMONIE DI COLORE

Smalti vellutati dalle cromie pastello, si fondono alla forza e resistenza del grès lavico di Antiche Fornaci D'Agostino, dando vita ad una collezione, legata al nostro tempo, ricca però di struttura irregolare che la rendono comunque fuori dagli schemi, così come tutte le serie di questa azienda.

Adatta ad infinite applicazioni pubbliche e private laddove il gusto incontra lo stile, l'eleganza e il nuovo senza tempo.

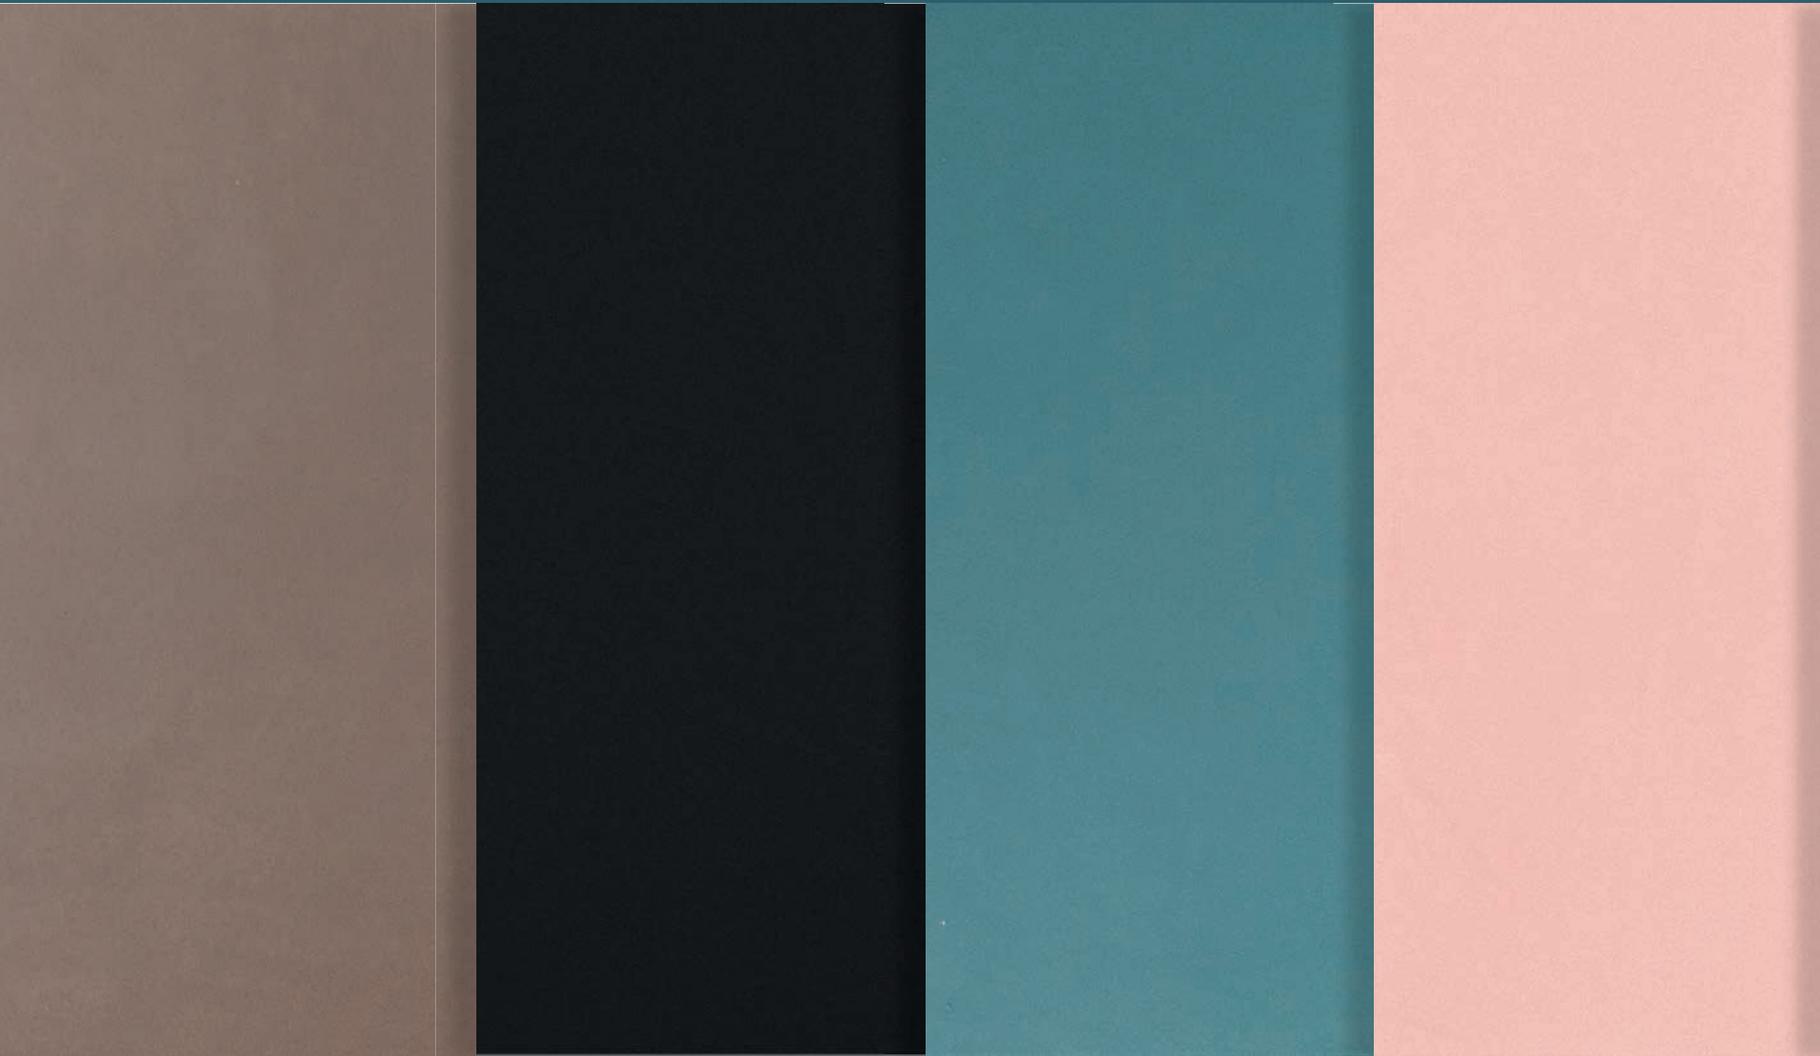

A long, light-colored wooden table with a dark metal frame. The table is set with white coffee cups, saucers, a stainless steel coffee pot, and glass carafes. A wooden stool with a dark seat is tucked under the table. The table also holds a stack of magazines, including one titled "HEMSLÖJD" and another titled "Interview".

A small wooden table with a dark metal top. It holds two potted plants in wooden pots. Below the table are several wooden crates stacked on a metal frame.

A wooden stool with a dark seat, partially visible on the left side of the image.

A dark metal door with a frosted glass panel, set in a dark metal frame.
